

PCB HOLDER

25-304-0102

Product Specifications

Material: Conductive PP
 Surface resistance: 10^4 to 10^6 Ohm
 Maximum Temperature: 40°C
 Strong construction from injection moulded plastic

Chemical resistance:

- Alcohol: resistant
- Aromatic hydrocarbons: severe attack
- Aliphatic hydrocarbons: Moderate attack
- Concentrated acids: slight attack
- Concentrated alkalines: slight attack
- Dilute acids: resistant
- Dilute alkalines: resistant
- Kerosene: Severe attack
- Acetone: Moderate attack
- Mineral oil: Slight attack
- Oil and gasoline: Moderate attack

Standard compliance: EN 61340-5-1

Sizes and Part Numbers

Reference	External dimensions (mm)	Number of slots
25-304-0102	480 x 170 x 50	25
