

## ESD laminating foils

The perfect solution for work documents, instruction manuals, information signs and notices in the EPA. Made from prefabricated polyester/EVA with a dissipative coating.

### Product specifications

Material:	Polyester/EVA
Colour:	Transparent
Size:	A3: <a href="#">WL30342</a> A4: <a href="#">WL29102</a>
Material thickness:	80 µm
Material density:	95 g/m <sup>2</sup>
Elongation:	MD: 161%   TD: 120%
Surface resistance:	< 10 <sup>9</sup> Ω
Charge decay time:	From 1000 V to 100 V < 2s
Packaging:	Pack of 100 pouches
Shelf life:	3 years

### User's instructions

Place the document in the laminating pouch

Insert the sealing edges into the laminator
